

GRAVITY INFORMATION SYSTEMS

A FORCE SECURING A NATION

CAPABILITY STATEMENT | DoW RMF • ATO • eMASS • ConMon • ISSM/ISSO • CMMC

ABOUT

Gravity Information Systems LLC is an Oklahoma small business delivering cybersecurity compliance for the Air Force and the broader Department of War. We help programs earn and maintain their Authority to Operate, from RMF package to continuous monitoring. Gravity is the idea behind the name: we pull people, systems, and processes into one orbit so program offices, engineers, and assessors work from the same operational picture.

CORE COMPETENCIES

- ▶ **RMF & ATO:** Categorization (CNSSI 1253), NIST SP 800-53 Rev 5 control implementation, SSP and assessment-ready packages under NIST SP 800-37 Rev 2 and DoDI 8510.01; IATT, initial ATO, and reauthorization.
- ▶ **eMASS & POA&M Management:** eMASS registration, control status, artifacts, and workflows; POA&M milestones, residual-risk statements, and closure evidence.
- ▶ **Continuous Monitoring (ConMon):** ConMon strategy, recurring ACAS scans, STIG/SCAP compliance, TCNO/IAVM tracking, and security impact analysis for changes.
- ▶ **ISSM / ISSO Support:** Embedded ISSM/ISSO duties: baselines, connection approvals, security documentation, and assessment and inspection readiness.
- ▶ **CMMC Readiness:** CUI scoping, NIST SP 800-171 gap assessment, SSP and POA&M, SPRS score calculation, and CMMC 2.0 Level 2 assessment preparation.

DIFFERENTIATORS

- ▶ **Practitioner-led:** our leadership performs ISSM work on Air Force programs today, so our methods reflect current AO and SCA expectations.
- ▶ **Cleared practitioners:** work led by TS-cleared, CISSP-certified cybersecurity professionals.
- ▶ **DoW RMF focus:** DoW authorization and sustainment under DoDI 8510.01 is our core business, not a side offering.
- ▶ **Gravity approach:** we integrate security into how the program already works, aligning people, systems, and processes.
- ▶ **Teaming-ready:** pursuing SBA Mentor-Protégé; open to teaming and subcontracting with primes, including Tinker AFB-area RMF/ATO/eMASS work.

COMPANY DATA

UEI

TGVCBNM86C11

CAGE

1MPU7

Business Type

Small Business

Socioeconomic

SDVOSB certification in progress

NAICS CODES

541512 Computer Systems Design Services (primary)

541519 Other Computer Related Services

541611 Administrative & General Management Consulting

541690 Other Scientific & Technical Consulting

CUSTOMERS

U.S. Air Force, U.S. Space Force, and DoW components needing RMF, ATO, eMASS, and ConMon support.
